“NO PATRONISING : NO INSULTING”

Mark, John and Robert are determined to keep away from the tit-for-tat nonsense seen all too often in local elections.

They say “We shall neither patronise residents with simplistic solutions to complex issues neither shall we insult those who hold differing views. However, we shall offer criticism where deserved, even of our own party!”. This ground-breaking **HILLSIDE NEWS** is a departure from old ways and our hard-working trio would like to hear your views about the publication ... and they offer thanks to those Hillside residents who've already been in touch. On-street parking, conservation, library and museum, street tree replacement, poor Arts provision and inappropriately re-directed council funds are just a few of the issues raised with them since **HILLSIDE NEWS** No 1 popped through your letter boxes. **KEEP THE CORRESPONDENCE FLOWING.**

PUBLIC MEETING CHALLENGE

Mark, John and Robert would like to give residents an opportunity to hear their views and ask searching questions.

They would also welcome an **ALL CANDIDATE DEBATE**, with an independent chairman.

W-s-M “QUESTION TIME” in the Blakehay ?
A good idea?

Lib Dems were delighted to work with colleagues from **ALL** Town Council parties in support of the popular Park Place **CHILDREN'S WATER PARK** and the restoration of our historic **CEMETERY** and will continue to support worthwhile projects **REGARDLESS OF WHICH PARTY INITIATES THEM.**

Marine Lake, Madeira Cove or Glentworth Bay ?

This 1890s photograph shows the newly completed promenade around tidal Glentworth Bay. A 1927 job creation scheme during the Great Depression enclosed the bay into Marine Lake and in those pre-Health & Safety days numerous diving boards and slides beckoned hardy holidaymakers into the trapped water. Glentworth Hall made way for the block of 1970s flats and the overhanging lake walkway was lost in a 1981 storm.
